EDUCATION

Texas Academy of Mathematics and Science (TAMS), Denton, TX *Aug 2025 – Present*

Hebron High School, Carrollton, TX *Aug 2023 – May 2025*

RESEARCH

Microbiology Research, University of North Texas — Dr. Rohan Balakrishnan *Feb 2026 – Present*

- Conduct research on fungi and bacteria in a university microbiology lab.
- Pending Publication

ENTREPRENEURSHIP & INNOVATION

ModAnatomy (Nonprofit) — Co-Founder, Assistant Director & CAD Engineering Model Lead *Jan 2026 – Present*

- Design tangible, mechanical models, using transparent tubing, manual pistons, and check valves, that make biological physics visible, letting students physically operate concepts like suction, pressure, and unidirectional flow.
- Created a flexible rental model that lowers the cost barrier well below direct ownership, with the organization handling maintenance and updates.

grades-unt (untgrades.app) — Co-Developer

- Co-developed an open-source web tool that visualizes historical UNT course and instructor grade distributions to help students make informed class selections.

VSB for UNT — Developer

- Led development of an open-source UNT schedule builder that simplifies course searches and lets students visually compare sections and build class schedules.

LEADERSHIP & COMMUNITY SERVICE

Edmonds Lane Bible Chapel *Jun 2021 – Present*

- Team member for annual events (VBS, Kids' Club, Christmas Programs, Sunday School); A/V team member managing sound and video each Sunday; support food and clothing drives for shelters and local families.

The Colony Public Library — Volunteer *Jun 2021 – Present*

- Assisted with shelving, cleaning, organizing storage areas, and running children's activities
- Recognized and awarded the James W. Althus Volunteer of the Year Award by the City Council for 5 consecutive years of volunteering and 200+ service hours.

Parkland Hospital — Guest Services & MRI Center *May 2026 – Present*

- Support Guest Services and assist patients in the MRI center with navigating to appointments.

Blood Drive Volunteer, TAMS *Sep 2025*

- Assisted with recruitment efforts to encourage students and community members to donate blood.

EXTRACURRICULARS & MEMBERSHIPS

Civil Air Patrol (USAF Auxiliary) — Cadet Technical Sergeant & Aerospace Staff *Jan 2024 – Present*

- USAF auxiliary focused on leadership development, aerospace education, and emergency services; earned the Honor Flight award during Encampment training for top-tier performance in teamwork, drill, and inspections; mentor junior cadets in drill proficiency and uniform customs.
- Certified in General Emergency Services (GES) for disaster relief, SAR logistics, and emergency response; completed Aerospace Dimensions Modules 1–4 with 100% scores; completed Achievements 3 & 4 leadership and aerospace milestones.

The Circular Economy Conference — Coordinator *Feb 2026 – Mar 2026*

- Helped design an app and website for the conference, and assisted with venue selection, presenter recruitment, and company outreach.

TAMS Clubs & Organizations *Aug 2025 – Present*

- Solar Car: Design, build, and race a solar-powered vehicle.
- AV Technical Lead: Manage behind-the-stage and stage preparations for TAMS performances and club-hosted events.

Hebron High School Academic Decathlon *Aug 2023 – May 2025*

- Studied subjects across the sciences and humanities with Hebron's Academic Decathlon team, preparing for academic competitions through collaborative study and practice.

STARS Summer Program *Summers, prior to high school*

- Completed a summer program in biology, chemistry, and physics with hands-on labs, visited university research labs to explore STEM careers, and collaborated with peers on a team-based science project.

TECHNICAL SKILLS

Programming Languages: C, C++, Python, Java; **Web Development:** HTML, CSS, React; **3D Modeling / CAD:** Fusion360
